

Welcome to the event „Pokemon GO Safari Zone“

Dear PokemonGo players!

We are looking forward to welcoming many participants to the "Pokemon GO Safari Zone" event and hope you had a safe and pleasant journey.

Security is an important keyword for us! The safety of all players as well as the safety of other visitors and road users in Dortmund is important to us. Of course, we also know that Pokemon GO is important to you and your game partners and captivates you, but don't forget you're in real space.

DORTMUND • DEUTSCHLAND

Because this digital game brings many risks and dangers in the real world, here are some advices from the Dortmund police for your stay in Dortmund::

- Watch out for traffic: As a car-, motorcycle- or bicycle-driver, any use of mobile phones is absolutely taboo and life-threatening. Keep an eye out, even as a pedestrian! Raise children's awareness of the dangers of using smartphones in traffic.
- Respects religious and special places such as memorials, churches, cemeteries, mosques etc. and do not play there.
- Avoid dangerous places: Railroad tracks, highways, empty or abandoned buildings etc. are no place for the game. No digital animal is worth putting yourself in dangerous situations.
- Beware of trespassing: An app does not entitle trespassing. Restaurants, hotels, theatres, ships, hospitals, etc., but also the neighbour's garden are places where the game is usually not desired. Even at police stations only criminals are prosecuted, no Pikachu!
- Respect privacy: Respect the privacy of others, behave considerately and do not switch off common sense! Fellow citizens might think you take pictures of them when you aim your cell phone at them.

- Beware of thieves: Unfortunately there may also be people who are not chasing Pokemon, but rather for your smartphone or tablet. So watch your belongings.
- For our foreign guests: The police will be present in the city on both days and will assist you with words and deeds. Don't be afraid to talk to our colleagues. In case of emergency, call 110 immediately!
- Further information about the event can be found at <https://safarizone-dortmund.com/>.
